DESCRIPTORS: *Brain, *Cerebrospinal fluid, Cells
(Biology), *Glycogen, Embryos, Growth, Histology, Age,
Anatomy, Physiology.

The structure of the choroid plexuses of the brain differs
during various stages of ontogenic development. In the
embryos of cats the epithelial cells of the choroid
plexuses are comparatively large and are characterized
by a small amount of basophilic substances within the
cytoplasm and abundant glycogen inclusion. Together
